## Symptoms

## Of Defective Vision

Many persons have the idea that defective vision manifests itself only in a failure or inability to see clearly, but itching, burning, smarting of the lids, dull pains in the eyes or head, even the back of the head, all come from irregularities in the optical construction of the eyes and may be entirely relieved by correctly fitted glasses.

DR. J. T. JOHNSON guarantees to correct every case that he undertakes. If your eyes are giving annoyance consult him at once.

## SATURDAY NIGHT'S RAIN.

Swollen Streams Sweep Railroad  
Trestles Away.

The rain which fell so heavily here Saturday night was almost a flood in the section of country between here and Mt. Airy. All the streams were swollen to overflowing and several washouts occurred on the different railroads. Town Fork creek which the Atlantic & Yadkin railroad crosses at Walnut Cove and Germantown was out of its banks yesterday and at the former place two hundred feet of track was badly damaged. The railroad banks on both sides of the creek were washed away for several yards. It will be late today before trains can pass. The work train was sent out from here yesterday morning and has been at work on the damaged trestle since it reached the scene. At Germantown the water was several inches above the track though the trestle was not damaged so badly that trains could not pass. Passengers were transferred at Walnut Cove and the southbound, due here at 11:55 a. m., arrived at 8:30 last night, while the regular southbound returned to Mt. Airy about an hour and a half late.

The Atlantic & Yadkin trestle across Dan River, on the Madison branch, was also badly damaged, making it impossible for trains to pass.

The Norfolk & Western trestles across Dan River, and Town Fork creek, between Walnut Cove and Madison, were also damaged, the water rising above the track at both places. Later—the trestle on the A. & Y. at Walnut Cove was sufficiently repaired this morning to allow trains to pass and the southbound passenger train arrived here only a few minutes late.

## TRINITY NOTES.

The Opening of the Gymnasium—  
Other Items of Interest.

Durham, March 18—The new Trinity College Gymnasium was formally opened Thursday evening. Opening exercises were held in the College chapel. Dr. Kilgo presided, and he announced that the building was to be christened the "Angier Gymnasium" in honor of Angier P. Duke, the young son of B. N. Duke, who generously donated the gymnasium and its equipment. Mr. M. I. Cranford introduced the speaker of the evening, Mr. Albert Whitehouse, the newly elected director. Mr. Whitehouse spoke on physical culture, and proved himself an interesting and pleasing speaker. At the conclusion of his address the audience was conducted to the gymnasium, where Mr. Whitehouse explained the uses of the apparatus. There was a very large crowd present, many being unable to secure seats in the chapel. All were very highly pleased with the new building in all its apartments.

The board of directors of the Library Association of Trinity College, desiring to arouse an interest in reading among the members of the Association, and to meet a demand that already exists for definite plans of work, has prepared courses of study in Biblical lines, history, English literature, and sociology. Other courses will be suggested, as there is demand for them.

The outlines of these courses will be sent to all who may apply for them. Any additional suggestions will be given to those who may desire further information. It is hoped that many graduates of this and other colleges will take this opportunity of renewing their zeal for learning, and that those who have never taken a college or university course, will have the ambition to take up work that will tend to supply the lack of a college curriculum.

At the last meeting of the scientific society, Dr. Hamaker gave an interesting account of weather forecasts and meteorological phenomena in general. His remarks were illustrated by maps and published reports from the government.

The next lecture of the series given by members of the faculty will be Dr. Few, Saturday evening, March 19.

Prof. Edwin Mims has returned from Little Rock, Ark., where he was called by the sickness of his father. His friends sympathize very deeply with him on account of his father's death, which occurred last week.

Prof. M. H. Pegram has returned from Salisbury, where he spoke at the State Sunday School Convention.

Thacker & Brookmann's new spring lines of dress goods, silks, wash fabrics, trimmings, novelties, etc., are being opened up and in a few days they will be ready to show the most complete and attractive line of spring goods they have ever shown.

## Two Bodies Found.

By Wire to THE TELEGRAM.

New York, March 20—The workmen found two bodies in the ruins of the Windsor hotel this morning. There were no marks of identification, the bodies being burned to a crisp. Near the last body a hand and forearm were also found, with a gold ring on one finger, with the stone missing.

## GEN. LAGARDO DECAPITATED

For Attempting to Convince  
Aguinaldo Of His Folly.

## TWELVE CONDEMNED TO DEATH

Rebel Chief Using Extreme Measures  
to Suppress Signs Calculated to  
Cause Hostilities—Iloilo News.

By Cable to THE TELEGRAM.

Manila, March 20—Aguinaldo is taking extreme measures to suppress all signs which are calculated to cause a cessation of hostilities. Twelve adherents to a plan for the independence of the residents of Manila have been condemned to death because they wrote letters advising a surrender, and all loyal Filipinos have been called upon to do a national service by dispatching them.

On Friday last Gen. Lagardo visited Malolos for the purpose of advising Aguinaldo to quit. He argued with the insurgent leader and attempted to convince him of the folly of his persistence in the face of overwhelming odds. Aguinaldo was furious at the advice and ordered Lagardo executed at once. The unfortunate general was promptly decapitated.

INSURGENTS ATTACK ILOILO.  
Iloilo, March 20—At five o'clock this afternoon Gen. Miller reports that the insurgents had attacked Iloilo and the outlying village of Jaro, but were repulsed with a loss of two hundred killed and wounded.

Col. Dubose, with a battalion of the First California Infantry, will go to Negros island tomorrow to join Col. Smith. It is reported that insurgent emissaries from the island of Panay are agitating the inhabitants of Negros island.

The members of the United States Philippine commissioners, with the exception Col. Denby, who has not yet arrived, held their first meeting today. Gen. Wheaton's division, which defeated and drove the enemy fifteen miles yesterday, has returned to its position near Pasig. The line is quiet.

## ALABAMA STORM.

Fifty Buildings Blown to Pieces and  
Two Negroes Killed.

By Wire to THE TELEGRAM.

Bismarck, Ala., March 20—A terrific wind storm, accompanied by rain and hail, passed through the extensive plantation of Samuel Curry, in Chilton county, last night. Eleven tenement houses were demolished. Two negro boys were killed and seventeen other negroes were injured.

## LATEST ADVICES.

## SPAIN AND UNCLE SAM

Exchange Salutes for First Time  
Since Outbreak of the War.

By Cable to THE TELEGRAM.

Gibraltar, March 20—As the Spanish squadron commanded by Admiral Camara was leaving Gibraltar bay yesterday, it met the United States cruiser Raleigh on her way home from the Philippines.

The Raleigh hoisted the Spanish flag and the Spanish admiral replied by hoisting the stars and stripes.

This is the first act of international courtesy between the United States and Spain since the outbreak of the war.

## Winter Returned.

By Cable to THE TELEGRAM.

London, March 20—Winter has returned to the British Isles. There is a heavy fall of snow in London and snowstorms swept the midland and north country. Outdoor work is at a standstill. Heavy storms also raged in the North sea.

## Eight Are Retained.

A man named Ogburn Smith, who was on the train with Festress who is afflicted with smallpox, was notified to have a fever Saturday afternoon and was sent by Dr. Ledbetter to the detention camp to await developments.

It developed that Smith had been drinking which accounted for his high pulse, though he will be detained at the camp until tomorrow, when the sixteen days' limit will have passed, and if there are no further developments he will be released.

Seven others, who have been exposed to the disease, were taken to the detention camp yesterday by order of Dr. Ledbetter. They will be detained for about a week yet. Dr. Ledbetter says the detention houses are well built and comfortable, well heated by stoves and that the inmates have been provided with a number of the best magazines. Their meals are prepared in the city.

## A Busy Place.

If one would like to see a place where thrift and economy are apparent on every side and where one dollar seems to do the work of two, let such a one go out to the State Normal and Industrial College. This institution has its own dairy farm with modern barn and pens for the cattle and a pasture well watered by a stream from one of the numerous springs that rise in this section. By this arrangement the college is supplied with excellent butter and milk and fresh meats. Nothing that can be used to the advantage of the dairy is wasted. Leaving the dairy and passing through the buildings you can easily see the need of a new library and gymnasium, as both are entirely too small.

The dining room, however, is all that could be desired. It is large, well heated and well lighted and the fare is excellent. The college owns several acres of wooded land which can be converted into a beautiful park, as the spot possesses the natural advantages of trees, glens, hills and streams from perennial springs. Nature has done much—money and men can do the rest. About the institution there is an earnest "we are here for business" manner which commands the respect and admiration of any one who sees these young women preparing themselves for the responsibilities of life.

## JEKYL'S ISLAND MEETING

Republicans Say Has No Special  
Significance.

## REED JUST WANTS SOME REST.

An Interesting Letter on Current  
Topics and North Carolina  
People in Washington.

Special to THE TELEGRAM.

Washington, March 20—Speaker Reed's visit to Georgia is not believed by republican leaders here to have any special significance. The ex-speaker left the city very quietly, and the fact that he was going for a visit to Jekyll's Island, where is located the handsome winter home of former Secretary Bliss, was known to only a few of his more intimate acquaintances. Speaker Reed is accompanied by his daughter, and the statement is made by his friends in Washington that there is nothing political in the visit to Georgia, but that the trip is taken only for the purpose of enabling Mr. Reed to secure a little rest from the hard work incident to the last session of congress before he returns to his home in Maine. From newspaper reports coming from correspondents at Thomasville, who are apparently ready to attach much significance to very slight incidents, Speaker Reed's visit to Jekyll's Island, like that of President McKinley and party to Thomasville, is transformed into a political conference of great magnitude. Although it is known that Vice-President Hobart and Senator Mark Hanna and perhaps President McKinley himself may take a run from Thomasville to Jekyll's Island during the visit of Speaker Reed, the administration leaders here scout the idea that it will have the slightest political significance.

Jekyll's Island is a well known resort, one of the best known in fact south of North Carolina, and it is a delightful retreat for persons in need of rest and recuperation, and it is not in the least degree surprising that Speaker Reed should seek the spot for a few days' enjoyment from the cares of the political world.

Among prominent southern men in Washington Saturday was Col. B. W. Wrenn, the well known railroad man. Mr. Wrenn is the passenger traffic manager of the famous Plant system, with headquarters at Savannah, Ga. Mr. Wrenn says that the present winter season in the southern states has been an excellent one. This is especially so, he says, of the winter resorts of the state of Florida. The month of April in Georgia and Florida, and in fact almost every southern state, he says, is among the best of the entire year, and he looks for an immense amount of travel south during the next six or eight weeks.

Col. L. S. Brown, the popular and courteous passenger agent of the Southern Railroad system, with headquarters in this city, is spending a brief season of rest in the south. He is at present in Florida, and may visit Nassau and other places before his return to Washington.

Mr. Lawrence S. Holt, of Burlington, North Carolina, is at the Ebbitt House. Mr. Holt is a brother of the late Thomas M. Holt, who was several years ago Governor of North Carolina. Mr. Lawrence Holt is among the most prosperous cotton manufacturers in the south. He says he does not think the time will ever come when colored labor will be employed in the cotton factories in the south. White girls, he says, form a majority of the employees in his mills, and they do excellent work, and receive much better wages than do the girls in the big stores of the eastern cities. Mr. Holt is in favor of shortening the hours of labor in the south, which he believes are rather too long, and he thinks owners will eventually see that it is to their interest to reduce them.

Francis A. Tucker has been commissioned postmaster at Fair Bluff, North Carolina.

Armstrong Clark has been commissioned postmaster at Crow, North Carolina.

Mrs. Barton D. Jones, who has been seriously ill for the past four months is slowly improving. She will go to Asheville, North Carolina, in a few days to remain for some time, to recuperate.

Mr. S. Lipinsky, of Asheville, N. C. is at the St. James.

## MRS. PLACE ELECTROCUTED.

Paid the Penalty for Her Crime at  
Ten Forty-five Today.

By Wire to THE TELEGRAM.

Sing Sing, March 20—Mrs. Place was electrocuted this morning. The procession started for the death chamber at 10:45 and the electrocution was immediate, two shocks being employed.

Although the prisoner was somewhat hysterical during the night she recovered her nerve this morning and was still brave at the critical moment. She was accompanied to the chair by her old pastor, Dr. Cale, of Yonkers, who stood by her offering spiritual consolation to the last.

Only two newspaper men were present, in accordance with the edict of the governor.

Dr. Jennie Griffin, of Troy, a well known physician, was also present at the request of the governor. The other witnesses were principally physicians and professional men.

## Reidsville Dots.

Special to THE TELEGRAM.

Dr. C. A. Rominger gave the boys band here, recently organized, a reception last night. It was a grand occasion. A considerable number of people were present. It was given at his home on Rominger street. This band is fast gaining a reputation. There was also instrumental music on piano and violin by Misses Gladston and Rominger, which was highly appreciated. The best thing of the evening was the singing by the Misses Evans and the Misses Balsley. It was decidedly one of the most enjoyable occasions held here for some time.

R. P. Richardson, Jr., one of the largest manufacturers of smoking tobacco in the state, is working day and night for a while in order to fill his orders. He is shipping all he can put up.

It is a settled fact that we are to have water works here. It is no trouble to sell the bonds. All the surveys have been made and work will begin on them in a short while. It will take about four months to complete the system.

## "EVERYBODY'S FRIEND."

The Waynesville Courier, one of the staunchest of North Carolina newspapers, brings forward Hon. Robert D. Gilmer as a candidate for Attorney-General in 1900. Under the heading "He is Everybody's Friend" the Courier pays a glowing tribute to his many virtues and qualifications. Though this writer does not know Mr. Gilmer we learn that he is of good old Guilford county stock and having faith in the blood and in the name we take pleasure in copying the following from what the Courier says of him:

Mr. Gilmer was a splendid and most valuable member of the board of trustees of the State Normal and was re-elected and is now a member of the board of elections, both honorable positions, but without pay, practically. He was in the legislature twice, which is an expensive honor. He was chairman of the democratic party in this congressional district, another honor which comes high and requires hard and persistent work. In the last presidential campaign he was a presidential elector and his voice was heard on many stumps, but of course, his bank account was not increased thereby.

In the next state campaign when men are being chosen to fill the various offices, we believe this self-sacrificing hero should be recognized, and we feel sure no position would please him better or more nearly agree with his tastes than that of attorney general. He is a lawyer of great ability and loves his books devotedly. He would fill the office admirably and all Western North Carolina would feel honored at his nomination. We admit that we are a little previous in our suggestion but this man's claims are so pre-eminent just that we feel we are justified in taking "time by the forelock."

## Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. Sold by C. E. Holton.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously on having it if "something else" is offered you. Howard Gardner.

A number of men recruited at Shamokin, Pa., by Lieut. Moses for the regular army have been sent to the Twentieth Infantry, at Plattsburg, N. Y.

Rev. E. Edwards, pastor of the Episcopal Baptist Church at Misenville, Pa., when suffering with rheumatism, was advised to try Chamberlain's Pain Balm. He says: "A few applications of this liniment proved of great service to me. It subdued the inflammation and relieved the pain. Should any sufferer profit by giving Pain Balm a trial it will please me." For sale by C. E. Holton.

The Shamokin, Pa., police believe that the man who two weeks ago stole a double team from Liveryman W. W. Muir, in that town, is now held as a prisoner at West Chester.

For frost bites, burns, indolent sores, eczema, skin disease, and especially Piles, DeWitt's Witch Hazel salve stands first and best. Look out for dishonest people who try to imitate and counterfeit it. It's their endorsement of a good article. Worthless goods are not imitated. Get DeWitt's Witch Hazel Salve. Howard Gardner.

While crazed with drink John Tuttle, of Annsville, N. Y., dangerously assaulted his wife and hanged himself.

Before the discovery of One Minute Cough Cure, ministers were greatly distressed by coughing congregations. No excuse for it now. Howard Gardner's

## LOVE'LL SHOW THE WAY.

When the old world seems so gloomy on the skies ain't lookin' bright,  
When it seems as dark in daytime as at night,  
It seems as if a ray o' light's a kinder strugglin' through  
When you think o' some ole friend you know'll shake the hand o' you.

There's one time when your mind gits on to happy thoughts a while,  
En that's when mem'ry shows you that ole sweetheart's happy smile.

So I jist don't kear how lonely past er future looks to you,  
You'll allus find somehow the skies'll turn from gray to blue,  
You'll allus find them lightin' up, don't kear how dark the day,  
En when they light you'll allus find it's love that shows the way.

—Edward Singer in Cleveland Plain Dealer.

## HE KEPT THE SEAT.

But It Was Worth What the Other Man Paid For It.

A man who had not been to church for a very long time, says a London exchange, finally harkened to the persuasions of his wife and decided to go. He got the family all together, and they started early. Arriving at the church, there were very few people in it and the new openers at hand, so the man led his family well up the aisle and took possession of a nice pew.

Just as the service was about to begin a pompous looking old man came in, walked up to the door of the pew and stood there, exhibiting evident surprise that it was occupied. The occupants moved over and offered him room to sit down, but he declined to be seated. Finally the old man produced a card and wrote upon it with a pencil:

"I pay for this pew."

"He gave the card to the strange occupant, who, had he been like most people, would have at once got up and left. But the intruder adjusted his glasses and with a smile read the card.

Then he calmly wrote beneath it:

"How much do you pay a year?"

To this inquiry the pompous old gentleman, still standing, wrote abruptly:

"Ten pounds."

The stranger smiled as though he were pleased, looked around to compare the new with others, admired its nice cushions and furnishings and wrote back:

"I don't blame you. It is well worth it."

The pompous old gentleman at that stage collapsed into his seat.

## No Deadheads There.

I heard a good story that comes from a little town in the northern part of the state. Among the members of the Methodist church at that place is an elderly conductor who has been retired from the business for ten years or more. During the morning service at his church not many Sundays ago the old railroad was called upon by the minister to assist in taking up the collection—one of the stewards who usually helped in that work being absent.

The retired railroad started down the aisle with the contribution basket and passed it around like an old hand at the business. Everything passed off smoothly until he came to a good old brother who had nodded himself fast asleep, and just as he was about to pass by him he was suddenly overcome by the force of habit acquired in his railroad days. Giving the sleeping brother a cup on the shoulder with the basket, he hurried out.

"Ticket, please!"—Ohio State Journal.

## Two Dear Seats.

Sarah Bernhardt while in London dropped into a bookseller's shop one morning. "I sold her quite a pile of books," said the proprietor, "and she seemed pleased. As she was going out she took hold of my pencil and asked me something in French which I did not understand. Seeing that I failed to catch her meaning, she looked about on the counters, then, quick as a flash, she took up a volume of one of the very best sets of Scott, bound in tree calf, opened it at the very center, wrote something quickly, calmly tore out the leaf, handed it to me, smiled, and went out."

The astonished bookseller looked at the leaf and discovered that Sarah had written a pass for two to her performance that evening! Magnificent, but it was not a cheap entertainment for the bookseller.

F. Channon, an aged French hairdresser, New York, fell dead while at his devotions in St. Patrick's Cathedral.

## Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz. This writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and \$1.00. Every bottle guaranteed.

## A Correction.

To the Editor:—I notice that your High Point correspondent has limbered up in a recent issue and says that I did not go where I told him I was going.

I passed through High Point on Saturday, March 11th, and after I was seated in the car, a young man by the name of Barbee (I think) came in and asked me where I was going and I, considering it none of his business, told him I was going to Salisbury to attend the State Sunday School Convention and that I might go to West Point, Miss.

I have been in attendance upon the convention and have had no connection whatever with the Cosmopolitan magazine.

I did not think that the man whom I was talking to was your reporter, but he might have been. I have seen him around High Point a good deal, but didn't know what his business was, and consequently felt under no obligations to answer his questions minutely.

Respectfully,

Bruce Craven.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—Josh Edgar, German town, Cal. For sale by C. E. Holton.

**Opening of the Social Season and In-

**New York & Florida Limited Service**  
JANUARY 16, 1899.

The opening of the Florida season  
will be signalized this year as usual  
by the placing in service of the "New  
York and Florida Limited" between  
New York and St. Augustine, Fla.  
This is acknowledged to be the finest  
train in the world, in its appoint-  
ments, luxury and detail of finish,  
and the first of these trains was con-  
structed by the Pullman company for  
the use of the President of the United  
States on official tours.

"The New York and Florida Lim-  
ited" leaves New York daily except  
Sunday at 11:50 a. m., via the pen-  
sylvania Railroad, the Southern  
Railway, Florida Central & Penin-  
sular R. R. and the Florida East  
Coast Railway, and reaches St. Au-  
gustine at 2:20 p. m. the following  
day, making the run, which exceeds  
1,000 miles, in little more than twenty-  
four hours. No train has attracted  
so much attention, and its fame has  
been heralded wherever railroading is  
known. It is composed of Pullman  
compartment cars, each room being  
finished in different woods and sup-  
plied with private lavatory and toilet;  
Pullman drawing-room sleeping cars  
of the latest pattern and finish; a royal  
club car for the gentlemen; an obser-  
vation car with a handsome drawing  
room at its rear opening on to a wide  
platform; a library car, and dining  
car, in which the service and the out-  
sine rank with the finest New York  
hotels. This "New York and Florida  
Limited" runs through solid to St.  
Augustine with the exception of one  
car which is detached at Columbia,  
S. C., and goes through to Aiken,  
which it reaches at 9:35 the next morn-  
ing after leaving New York, and Au-  
gusta at 9:50. Brunswick and Jekyll  
Island are conveniently reached by  
this train at 12 o'clock noon through  
the perfect connections afforded at  
Everett, Ga.

There are two other fine trains be-  
tween New York and Florida via  
"The Florida Short Line," one the  
"Washington and Southwestern Vestibule  
Limited," leaving New York at  
4:20 p. m. daily, and the "United  
States Fast Mail," leaving New York  
at 12:05 midnight. The former train  
carries through Pullman drawing  
room sleeping cars between New York,  
Jacksonville and Tampa, and also  
offers Pullman sleeping car service  
between New York and Augusta, Ga.,  
with connections for Aiken, Brun-  
swick and Jekyll Island. The latter  
carries through drawing room sleep-  
ing cars between New York and Jack-  
sonville, connecting with parlor car  
service to points on F. C. & P. R. R.  
and F. E. C. R. Dining cars are  
operated on all trains of the Southern  
Ry. "The Florida Short Line" in  
connection with the Florida East  
Coast Railway to Miami offers the  
most direct, quickest and delightful  
service to Nassau, Havana and Key  
West. For full information, reserva-  
tions, etc., apply to J. L. Adams, G.  
E. A., F. C. & P. R. R., 353 Broad-

**Catarrh is**  
**Not Incurable**

But it can not be cured by sprays,  
washes and inhaling mixtures which  
reach only the surface. The disease is  
in the blood, and can only be reached  
through the blood. S. S. S. is the only  
remedy which can have any effect upon  
Catarrh; it cures the disease perma-  
nently and forever rids the system of  
every trace of the vile complaint.

Miss Josie Owen, of Montpelier, Ohio,  
writes: "I was af-  
flicted from infancy  
with Catarrh, and no  
one can know the  
suffering it produces  
better than I. The  
sprays and washes  
prescribed by the doc-  
tors relieved me only  
temporarily, and I  
thought I used them  
constantly for ten years, the disease had  
a firmer hold than ever. I tried a number of  
blood remedies, but their mineral ingredi-  
ents settled in my bones and gave me rheu-  
matism. I was in a lamentable condition, and after ex-  
hausting all treatment, was declared incurable.  
Seeing S. S. S. advertised as a cure for blood  
diseases, I decided to try it. As soon as my  
system was under the effect of the medicine,  
I began to improve, and after taking it for  
two months I was cured completely, the  
dreadful disease was eradicated from my sys-  
tem, and I have had no return of it."

Many have been taking local treat-  
ment for years, and find themselves  
worse now than ever. A trial of  
**S. S. S. For the Blood**  
will prove it to be the right remedy  
for Catarrh. It will cure the most ob-  
stinate case.

**Notes of**  
**The Prowler**

Says fat John Bull to slim Uncle Sam:  
If you stick to me I don't give a d—  
For I believe that what you and me  
Can do for the rest will be A. P.

Thus said the Prowler as he came  
into our new office this morning and  
asked for a fresh chew of tobacco.  
After masticating it a moment and  
squirting a squirt or two of rich brown  
juice on the new piece of floor cover-  
ing under our new stove, he said:  
"I have been ruminating this morn-  
ing as to the smallpox business. I  
have been working my thinking ma-  
chine trying to evolve a patent. Many  
men have become rich through a very  
small patent. It seems to me that I  
have as much sense as anybody—  
maybe not—but it looks like I ought  
to have. I have in mind a scheme,  
out of which, if I can make it prac-  
tical, and get a patent on it, I expect to  
realize a great fortune. I have heard  
of fever thermometers and I guess they  
are patented; but there are different  
kinds of fevers, and what I propose to  
patent is a thermometer that will tell  
the difference between the fever a man  
has when he is taking smallpox and  
the fever he has when he has been  
drinking corn likker or any other  
kind of the rooking stuff, including  
dispensary likker as well."

**Southern's New Tank.**

Work on the Southern's new tank,  
mentioned in the Telegram several  
weeks ago, is on in earnest now and  
Mr. Sullivan, who is superintending  
the construction, says that with good  
weather he expects to finish it within  
two weeks. The base of the tank will  
be 27 feet from the ground and the  
tank itself will be 20 feet high and 24  
feet in diameter, giving it a capacity

MRS. HOUSEKEEPER: Please permit us to ask you a very pointed question: Have you a Universal Food Chopper? By this we do not mean a meat grinder, but a Chopper, which takes the place of chopping bowl and beater. It chops meat, of course, but it does more. You can chop ham, cocoanut, or bread instead of grating it. You can—but we can't tell it all here. Our booklet gives full information. Free. You will have use for it every day in the year. It is very simple and very cheap. Please call and let us show it to you. Yours truly, Odell Hardware Co.
